

Mayor's Veto Sustained, Public Works Board Stays

Alderman O'Reilly's Motion to Override Veto Lost by Council Vote—Damage Claims Filed Against City—Other Matters at Tuesday's Session of Aldermen.

The common council sustained the action taken by Mayor E. J. Dempsey in vetoing the resolution recently offered by Alderman O'Reilly of the Sixth ward to abolish the board of public works and place its powers under the jurisdiction of the common council, at an adjourned meeting of the council held Tuesday evening at the Municipal Building. It required a three-fourths vote to override the mayor's veto and Alderman O'Reilly could only muster six other votes with his own, while six of the aldermen voted to uphold the veto. Two claims for damages against the city were filed and the aldermen transacted considerable other business before adjourning.

Mrs. Warren Asks Damages.

Mrs. Charles Appleton Warren of 255 Clinton avenue filed a claim for damages to her garden, sustained when a surface drain pipe passing through her property broke on June 22 of this year. She estimated that \$150 worth of flower plants were destroyed and that it would cost at least \$50 to restore the garden soil to its original condition. The claim was referred to the auditing committee and corporation counsel.

Seeks \$3,000 Damages.

Mrs. Katherine Curtis filed a claim for \$3,000 damages against the city for alleged injury to her left leg when her foot slipped through a broken grating at St. James street and Broadway on September 3, of last year. The claim was referred to the auditing committee and corporation counsel.

Mayor's Veto Road.

Mayor Dempsey's veto of the O'Reilly resolution abolishing the board of public works which was adopted at the last meeting of the common council by a vote of 7 to 5, was read by City Clerk George V. Moore and was ordered filed by President C. Ray Everett.

Alderman O'Reilly then introduced a resolution "that the resolution directing the laws and rules committee and corporation counsel to prepare a local law abolishing the powers and duties of the board of public works and placing the same under the jurisdiction of the common council be approved over the mayor's veto."

The resolution was seconded by Alderman Fox of the Fifth ward. Alderman O'Reilly said he would like to speak on the resolution before it was put to a vote. He said that some of the aldermen had introduced resolutions in the council a number of times, one as high as seven times, and yet the work asked for had not been done by the board of public works. "I myself have offered resolutions several times and one is now getting partial attention," he believed. His resolution should be adopted as the common council was fully as competent as the board of public works.

Mayor Dempsey Explains.
Mayor Dempsey, who was present at the meeting, said that the board of public works had decided on a campaign of patching the streets this year. When the season opened up and street work started on April 15, it was impossible to start earlier on account of cold weather. It had been found that all of the streets were in bad condition.

The board had an appropriation of only \$50,000 to expend on street work and it was desired to make it do as much work as possible. That was why the patchwork campaign was started and to date over forty-five streets had been repaired and probably as many more would be done before the season closed. The board next year would go ahead and do permanent street work using either asphalt or some other really good material.

"Do you think patchwork is economy?" asked Alderman O'Reilly of the mayor.

"I do not," replied the mayor promptly, "but the board found that the streets were in such bad condition this season that it would probably be better to patch them, repairing as many streets as possible instead of doing any permanent work."

Alderman O'Reilly's Idea.

Alderman O'Reilly expressed the opinion that each ward should be allowed a certain quota of money to expend on streets in each year. He said he could not get into his head how the board of aldermen was going to spend money recklessly. They appropriated the money in the first place. To be perfectly frank I don't believe in bureaus anyway and I favor the abolishing of the board of public works and the water board and all other boards. If there is any alderman in this council that does not think himself competent to handle the street work as well as the board of public works, he should resign."

Vote Taken On Resolution.

The vote was then taken on the O'Reilly motion to override the mayor's veto. In order to pass, it

\$300,000 Bond Issue to Defray Pipe Line Cost

Common Council Grants Water Board Permission to Issue Bonds to Pay Cost of Building Six-Mile Pipe Line From Cooper's Lake to Reservoir No. 2.

The board of water commissioners filed a communication with the common council Tuesday evening asking that it be permitted to float a \$300,000 bond issue to defray the cost of building the proposed six-mile pipe line from Cooper's Lake to Reservoir No. 2. The request was granted.

The water board at a recent meeting rejected all bids that had been received for the construction of the pipe line and decided to ask for new bids for the work.

In the communication to the common council it was stated that the actual cost of the pipe line would be about \$275,000 and the additional sum asked for was to cover other expenses.

The bonds to be issued are to bear interest at the rate of not more than 4 1/2 per cent.

Alderman Haines asked what assurance was had that if the council granted permission to float the bond issue that the water board would not again raise the water rates, and he was assured by Mayor Dempsey that there would be no further raise in water rates.

A resolution authorizing the bond issue was offered by Alderman Dressel and seconded by Alderman Mann and was adopted with but one dissenting vote. Alderman Fox of the Fifth ward at his request was excused from voting.

Other matters taken up at the council meeting will be found elsewhere.

TEXAS DEMOCRATIC BOLLERS ORGANIZE

Dallas, Texas, July 18 (AP).—Attempts to split major party organizations in Texas today found Democratic bollers organizing for a state-wide anti-Smith campaign, while some Republican insurgents continued their efforts to obtain votes for the New York governor.

Opposition to the candidacy of Governor Smith took on more definite form at a meeting of Democratic bollers here yesterday.

The meeting was attended by upwards of 500 persons. After addresses by a half-dozen party leaders, ministers and prohibition workers, the assembly approved plans to place anti-Smith organizations in every county. Authorization was given for a state campaign committee of 31 men and 31 women, who are to be chosen from the 31 senatorial districts of the state. This committee will appoint officers and lay plans for state-wide organization.

Action on presidential electors was left to the committee after speakers told the assembly that it was likely the Republican organization would divide places on its electoral slate with anti-Smith Democrats.

Resolutions declared the purpose of the organization, which took the name of "Anti-Smith Democrats of Texas," shall be "to defeat Gov. Alfred E. Smith and to wrest Democracy from the grip of Tammany Hall and to resist the efforts of Tammany Hall to nullify the 15th amendment."

AT LEAST FIFTY PERSONS PERISHED IN TYPHOON

Hanoi, French Indo-China, July 18 (AP).—At least fifty persons are known to have perished in a typhoon which swept the coast of French Indo-China last night.

Thirty persons were drowned when the French steamer Cap Lay foundered after a boiler explosion at the mouth of the Songtambac river. More than 200 passengers were rescued before the ship was dashed on the rocks.

Twenty natives were drowned when a launch sank in the Haiphong river. Dozens of junks and sampans were sunk at Hanoi and Haiphong, and much damage was done in the neighborhood.

Pledge Support to Party Ticket.

Raleigh, N. C., July 18 (AP).—The state Democratic executive committee last night adopted a resolution pledging its support to the party ticket "from constable to president."

After a heated discussion the measure was approved without record.

Joe Josephus Daniels, former secretary of the Navy and a dry leader, announced he was in favor of the resolution.

Hoover Confers With Two Governors and Other Leaders As He Passes Through Corn Belt on Way to California.

Aboard the Hoover Train, St. Paul, July 18 (AP).—Herbert Hoover while passing through the corn belt today considered the farm question which he intended to discuss with the governors of two states—Iowa and Nebraska—and party leaders from other sections.

John H. Hammill, Governor of Iowa, who called the first agricultural conference, gave his views to the Republican presidential candidate over the breakfast table in the Hoover private car, having boarded the train at Missouri Valley early today.

Governor Adam McMullen of Nebraska, a supporter of Frank P. Lowden in the pre-convention campaign, was to talk with Mr. Hoover later in the day.

Others with whom the nominee held conferences during the night and early morning included Arthur Nelson, former Mayor of St. Paul and Republican nominee for Senator from Minnesota, opposing Henrik Shipstead.

Admittedly the farm relief problem is one of the major issues with which Mr. Hoover will have to deal during his campaign, and since he will discuss it fully in his speech of acceptance at Leland Stanford University, August 11, he welcomed the opportunity to confer with leaders in the movement in the northwest.

Thus far in his journey westward, Mr. Hoover has been assured by leaders in the states where he has stopped—Indiana, Illinois, Wisconsin and Minnesota—that those states would return substantial majorities for him in November.

Peter G. Ten Eyck Seeks Nomination

Former Albany Congressman Announces His Candidacy for Democratic Nomination for Governor—Sentiment Favors Him, Friends Say.

Albany, N. Y., July 18 (AP).—The hat of one Democrat seeking nomination for governor rested in New York state's political ring today.

Peter G. Ten Eyck, former congressman from the Twenty-eighth district, last night announced his candidacy for the office, thus becoming the first Democrat definitely in the gubernatorial race.

Mr. Ten Eyck said his decision to enter came after he was informed by a self-appointed committee working for him that circularization of the state had revealed considerable sentiment in his favor.

In a letter to the committee, composed of John Eddy, Charles Bender, Frank Stanton, Garrett Frederick and David H. Walsh, in which he announced his decision to enter the pre-convention race, Mr. Ten Eyck said in part:

"I feel the sentiment expressed in the many communications you received, places upon me a duty. I feel that I cannot refuse the demand of my friends if it is the desire of the people of this state to make me their choice as the Democratic nominee for this fall. Therefore you have my consent to publicly announce my name as a candidate for the Democratic nomination for the governorship of the state of New York, with the understanding that the platform will favor those things which are of such great moment to the progress and prosperity of the state."

Born in Albany November 17, 1873, Mr. Ten Eyck devoted 20 years, first as a citizen and later as a member of congress, to secure a deeper Hudson. His career has embraced farming, railroading and business, in addition to politics.

Coincident with Mr. Ten Eyck's announcement, it became known that friends of Senator Caleb H. Baumes, of Newburgh, father of the Baumes laws, have begun a boom in Orange county for him a Republican candidate for governor. Mr. Baume would not comment.

Young Will Not Be a Candidate

New York, July 18 (AP).—Owen D. Young, chairman of the board of the General Electric Company, is not and will not be a candidate for governor of New York.

This statement was given to the Associated Press today at the company's offices here in response to published statements that Governor Smith had indicated he had favored him for the Democratic gubernatorial nomination. The governor himself, at Albany, later said there was no truth in the report, adding that the nomination was a matter for the state convention to decide.

The statement follows: "Mr. Owen D. Young, who has been at Association Island (in the St. Lawrence River) attending the annual meeting of the executives of the General Electric Company, stated today he is not and will not be a candidate for governor of the state of New York."

Pay Taxes Now.

The last day for paying the general property tax before the properties on which the tax is not paid are advertised for sale is drawing near. Taxes should be paid before July 25 to City Treasurer Shuttles at his office in the Central Fire Station.

Bus Committee Submits Report To the Aldermen

Discusses Matter With Two Governors and Other Leaders As He Passes Through Corn Belt on Way to California.

The railroad committee of the common council submitted a report on the application to substitute buses in place of trolley cars to the council at the adjourned meeting held Tuesday evening at the Municipal Building. The committee in its report suggests the proposed routes it would recommend on the Broadway line and the Hasbrouck avenue line, and asked that further questions remaining before the committee be held in abeyance until the trolley road informs the common council that it is in a position to and will relinquish its franchise to the city.

The report, which was adopted, read as follows:

Your committee would report relative to the petition filed by the Kingston City Transportation Company, as follows:

Final action upon the matter cannot be had until such time as the Kingston Consolidated Railroad Company, now operating over a greater part of the route designated as "No. 1—Broadway or Through Route," files with the council its consent that the petition of the Kingston City Transportation Company for leave to operate over the routes set forth in its petition shall be granted, and informs the common council that it is in a position to and will relinquish and transfer all of its right, title, interest and franchises in and to the streets of the City of Kingston, N. Y., over which it now operates, or at any time prior here-to has operated a street surface railroad, and that such relinquishment and transfer of said rights will be conveyed to the city of Kingston free and clear of all liens and encumbrances now existing, or which may hereafter attach, together with the title to any physical property in or upon the streets of the city which the agreement may provide for.

Having in mind the facts as above stated, and in order to expedite the matter insofar as it was possible so to do, your committee took under consideration the bus routes as referred to in the petition, and to that end held one public hearing in order that it might be advised as to public sentiment relative to the proposed routes, and would report:

As to Route No. 1—We believe that if a change were made carrying this route from Albany avenue to Main street, from Main street to Wall, to North Front, to Fair, to Pearl and then to Albany avenue on the return, that it would better serve the convenience of the traveling public. And in addition thereto the route in the lower section of the city to run from Broadway to the Strand, over East Strand to the intersection of Perry street and Strand, thence up Perry street to Broadway.

Both Routes Nos. 2 and 3 cover a territory a part at least of which is now within the routes operated by the Kingston City Transportation Company buses, and we believe that both these routes as outlined in the petition are practical and will meet with the approval of the traveling public.

In the judgment of your committee the remaining questions to be determined before consent is given to the proposed bus routes can be considered at the meeting of the council at which the matter will be presented, after due notice by publication, as required by the Transportation Corporation Law, and that the whole matter should be held in abeyance until that time.

SMITH ASSEMBLING DATA FOR ACCEPTANCE SPEECH.

Albany, N. Y., July 18 (AP).—Although Governor Smith has not yet plunged into the actual preparation of his acceptance speech, he is assembling data for it. Already he has a complete background on fiscal operations of the Federal government, obtained first hand from Representative Byrns of Tennessee, ranking Democrat on the House Appropriations Committee, and in the next few weeks probably will discuss various phases of governmental policy with other congressional leaders.

Byrns came to Albany at the presidential nominee's invitation, departing yesterday after he had discussed the appropriation problem at length.

If tentative plans of the Democrats are carried out Smith has more than a month to whip his acceptance speech into shape. It now is expected that he will be notified officially of his nomination during the week of August 12, with the ceremony for his running mate, Senator Robinson, probably coming in the last week of August.

This would bring the addresses of both the Democratic nominees after those of the Republican standard bearers, as the date for Herbert Hoover's nomination is August 11 and that of Senator Curtis, August 18.

Elaborate plans are being made to broadcast Governor Smith's speech, which will be delivered from steps on the State Capitol here. A nationwide hookup, with 100 or more stations in the chain, is contemplated.

Obregon Tragedy Causes Dismay

Washington Shocked at Assassination—Secretary Kellogg Sends Condolences to Mexican Government—Termines Tragedy "Dastardly Attack."

Washington, July 18 (AP).—Looking forward to constantly improving relations with Mexico under the administration of General Alvaro Obregon, official Washington was deeply shocked to learn of his death at the hands of an assassin.

Dismay and sorrow attended the rapidly spreading word of the tragedy. It reached Secretary Kellogg as he was about to leave the state department for the night and he immediately put through a telephone call to Ambassador Morrow at Mexico City and later dispatched a telegram of condolence to Acting Foreign Minister Estrada.

Ambassador Telloz refused at first to believe that Obregon was dead. He, too, called the Mexican capital by telephone.

General Obregon's death came at a time when the American-Mexican relations were more cordial than they had been for years. Through the efforts of Ambassador Morrow and with the cooperation of President Calles major points of difference had been effectively settled and an era of further improvement in the relationship of the two republics was in prospect.

From Ambassador Morrow Mr. Kellogg learned he already had called upon President Calles and Minister Estrada to express the sympathy of the government and his own regret. Secretary Kellogg's message to Estrada termed the tragedy a "dastardly attack" and said the United States had learned of General Obregon's death "with profound sorrow."

Ambassador Telloz declared that the assassination would result in a unification of sentiment against "the forces of reaction and revolution."

Plan Search for Amundsen Party

Scientists Believe He May Have Joined Balloon Group From Italia—Ice and Fog Make Rescue Work Difficult.

Moscow, July 18 (AP).—Soviet rescuers today continued their efforts to clear up the fate of Roald Amundsen and his five missing companions. Preparations also were made to begin an extensive search for the six men who drifted off to the east over the ice field in the balloon part of the Italia after its crash north of Spitzbergen.

A special conference of scientists reiterated their belief that Amundsen had joined the balloon group. It was pointed out that Amundsen's pilot, Captain Rene Guilband, could easily have taken Amundsen to them in the French seaplane. It was thought possible that the chassis of the plane had been damaged in alighting on the ice and that Amundsen's party had been unable to return.

The scientists believed that the group of five survivors headed by Lieut. Alfredo Vigliani would have perished but for the timely arrival of the Russian ice breaker Krassin, since the ice on which they were marooned was rapidly thinning.

Vigliani in an interview with the Tass (Soviet News Agency) correspondent aboard the Krassin said he believed the condition of the ice and the fogs made the discovery of the balloon group impossible at this time. He said a successful search should be considered only when the fog cleared. Nevertheless the Russian rescuers went ahead with their plans.

The ice breaker Malgait was moving toward the southeastern shore of Spitzbergen today while the liner Sergetz prepared today while the liner seaplane from the vessel to look for Amundsen.

The Krassin was enroute to Advent Bay for fuel. It will return to northeast land as soon as possible and establish a flying base.

Urge Probe of Nobile's Flight

Oslo, July 18 (AP).—Investigation of General Umberto Nobile's fatal flight to the North Pole is being urged by explorers here. Feeling against the commander of the Italia also is making itself felt in Oslo.

Several Danish explorers here proposed that Dr. Fridtjof Nansen, Arctic explorer, head a court of honor to investigate Nobile's leadership. Nansen, however, said that the expedition needed closer investigation.

The newspaper Aftenposten was forced to remove a picture of Nobile from a showcase when threats were made that the window would be broken and the picture destroyed.

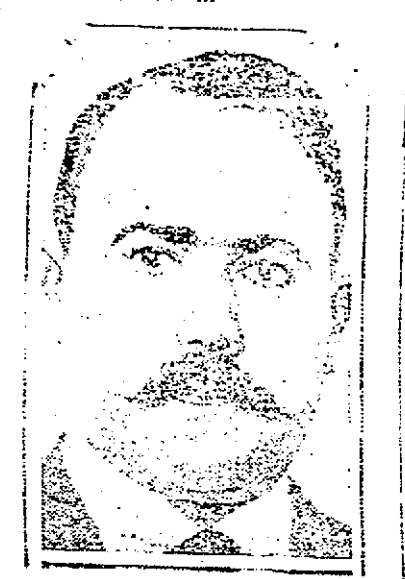

On the anniversary of Roald Amundsen's birthday, Monday, Dagbladet, organ of the present cabinet, published without comment an article by Nobile which had appeared in an American magazine and in which Nobile belittled Lincoln Ellsworth and Amundsen as Arctic explorers. Nobile told of the work of himself and his Italian crew in comparison with the Norwegians of the expedition in the dirigible Norge in 1926.

Obregon Assassinated, Followers Adopt Calles

Under Pretense of Showing Cartoons, Assassin Shoots Mexican President-elect at Banquet—Coolness of General Seeking Motive Saves Slayer From Fury of Obregon's Friends—Nation Exhibits Self-Control—Obregon Party Proclaims Calles Chief.

Calles Heads Obregon Cortège

Funeral Procession Witnessed by Crowds as Slain President-Elect Is Borne From National Palace to Railroad Station.

GENERAL OBREGON.

PRESIDENT CALLES.

Mexico City, July 18 (AP).—Headed by President Calles, an impressive cortege today escorted from the national palace to the railroad station the body of General Alvaro Obregon, president-elect, who was assassinated yesterday afternoon by a man posing as a cartoonist.

The body had rested in state at the national palace all night, watched over by a special guard of army officers and inspected until a late hour by long lines of mourners of every class who passed before the bier.

The crowds began gathering near the palace before dawn today and they stood patiently behind the lines of troops waiting for the funeral procession to pass to the railroad station. The highest dignitaries of the government and a large military escort prepared to board the special train which was routed to Guadalajara and thence up the Southern Pacific of Mexico to Sonora, the home both of Obregon and Calles.

The funeral train thus was retracing the route followed by the president-elect only a few days ago when he came from his home to accept additions of great honor about the railroad and of the huge gathering which greeted him upon his arrival here on Sunday.

Roberts Called For The Police.

At 1:15 o'clock this morning Louis (Duke) Roberts of 15 1/2 Hill street called on the police department stating that his place was being robbed. The police visited the place but there was no one around and there were no signs of a burglary.

Train Hit Truck.

This morning at 1:30 o'clock the truck driven by George Kohler was struck by a Wallkill Valley train, causing very lucky escape of injuries. The truck, which was caught by the cow-catcher of the train, was turned over and damaged.

Obregon Assassinated, Followers Adopt Calles

Funeral Procession Witnessed by Crowds as Slain President-Elect Is Borne From National Palace to Railroad Station.

Under Pretense of Showing Cartoons, Assassin Shoots Mexican President-elect at Banquet—Coolness of General Seeking Motive Saves Slayer From Fury of Obregon's Friends—Nation Exhibits Self-Control—Obregon Party Proclaims Calles Chief.

Many of those known to be opposed to Obregon fled from Mexico City before the fury of his friends and supporters, which was kept in bounds only by police precautions. The headquarters of Luis Morones, secretary of labor and Obregon's greatest political opponent, were surrounded by a guard at the instance of President Calles, who feared that there might be some attempts at violence.

General Obregon's body rested today in state in the great salon of the national palace which he had expected to occupy for a second time in December. It was surrounded by a guard of honor composed of members of the cabinet and the highest officers of the army and navy.

Slain at Banquet.

The one armed warrior-president was slain yesterday afternoon at a banquet in his honor by a man who approached under the guise of showing Obregon some cartoons he had drawn of the dinner. He fired six bullets into the general from a gun concealed among the sketches. The assassin was badly beaten by maddened friends of the slain and rushed to jail. There he confessed the crime although his motive was not made known.

Patille Attempt to Learn Motive.

President Calles made a futile attempt to learn the motive of the crime from the assassin.

"It is useless," the slayer said. "For you to attempt to force me to tell anything. If I was resolute enough to kill Obregon in the presence of several hundred of his supporters, knowing full well that it meant my death, I am resolute enough to say nothing."

Newspapers had an unconfirmed report today which attributed this statement to the assassin.

"I killed Obregon because I wanted Christ, the King, to reign completely and not partially."

Seeking Identity of Slayer.

The assassin gave only the name of Juan, in rumors that spread about the capital he was referred to as Juan Escapulario. "Escapulario," Spanish for Scapular, a religious emblem, is a term of derision used by anti-Catholics in Mexico.

Police said the slayer's shirt had on it the initials "J. J. G." they were investigating the theory that the assassin might be Juan Jose Gonzalez, alleged to have been the driver of the automobile from which bombs were thrown last year in an attempt to kill Obregon.

Jailed Detective Recognizes Face.

Detective Alvaro Basili, who investigated this attempt on Obregon's life, declared that the man had been among the previous plotters.

Basili, who was arrested some months ago on a charge of blackmailing Calles, was looking out from behind the bars of his cell as the slayer was brought into the jail. He exclaimed: "I recognize that face. I have his picture in my my collection of pictures against Obregon."

Calles Removes Police Heads.

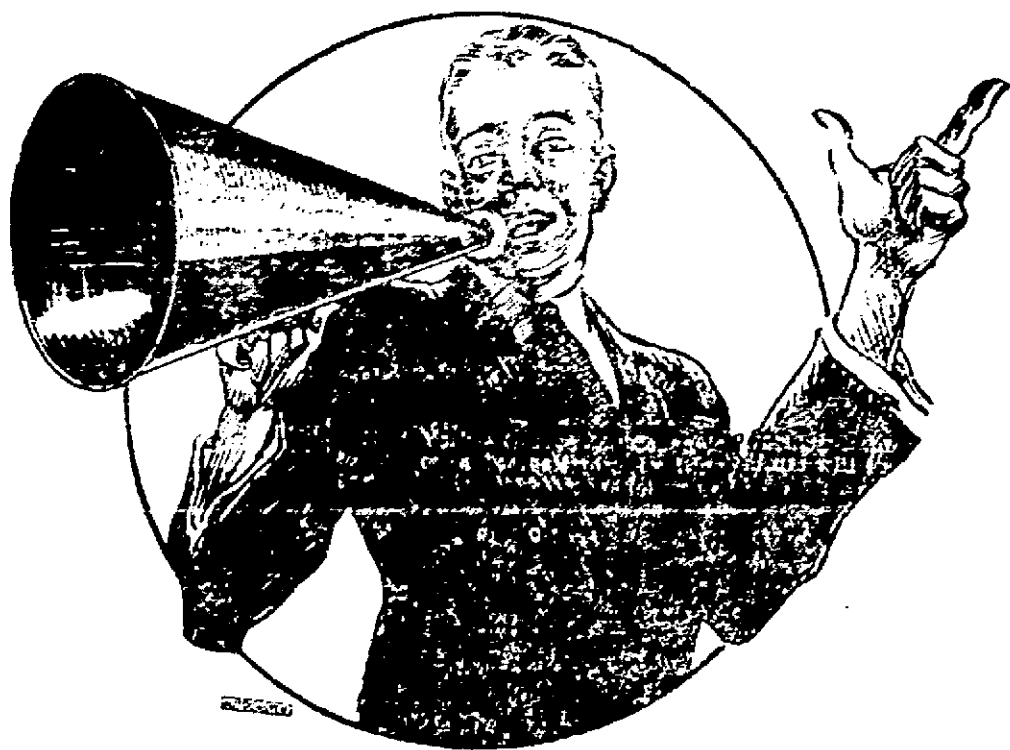

President Calles issued an emergency order removing the heads of the Mexico City police department and ordering in charge new officials who have been among Obregon's fiercest supporters. Apparently his purpose was to give the General's supporters absolute control in handling developments following the assassination of their leader.

General Roberto Cruz was appointed as chief of police by General Antonio Rios Nereche. One of Obregon's closest friends, Arturo R. Ord, another Obregon adherent, became secretary general of the police headquarters.

Calles also issued peremptory orders.

(Continued on Page Five.)

AT NO PLACE-AT NO TIME-SUCH "COME DOWN" IN PRICES!

EVERY DEPARTMENT MANAGER HAS BEEN SEARCHING THE MARKETS EAGERLY FOR "EXTRAORDINARY VALUES" TO HELP MAKE THIS EVENT THE SUPREME EVENT OF THIS REPUTABLE STORE. You Will Find This Sale Entirely Different "Full of Values" Come and Revel in this "BARGAIN FESTIVAL" Our Buyers are Offering.

HOUSE

THAT BODY OF YOURS

BY
James W. Barton, M. D.

FULL BENEFIT FROM FOOD.

I have spoken before about the different types of individuals, the short body on long legs, the long body on short legs, and the type which is half way between these two. There are also differences in the way food is handled by the body machinery in different individuals. As mentioned before three individuals may eat the same kind and amount of food, do the same amount of work, and yet within a certain definite time one will have gained five pounds, one lost five pounds, and the other remained at the same weight.

Why? Because the manner in which the food is broken up, absorbed into the blood, or used up by work or exercise, or stored in the body as fat, varies in different individuals owing to the speed or lack of speed of the processes, and these processes are affected by the ductless glands. However this does not mean that you have no control over the way food is absorbed into the blood. If you allow yourself to become lazy, never stir up the liver, nor bend the body by exercise, then the sluggishness or slowness of movement of large intestines permits little organisms to go up into small intestines and interfere with the absorption of food stuffs into the blood.

What is my thought? That you may not be getting the full benefit of your food if there is this interference with absorption.

This does not mean that you should take medicines to clear out the intestine so as to get rid of these organisms.

By having a certain bulk of material going through the intestines at a normal rate, the muscular walls of the intestines have something to grip or take hold of, which is the natural condition of things. A strong purgative interferes with this natural action.

There is just the one point then and that is that if you will eat the ordinary foods including some fruits, and vegetables to give bulk, and will exercise to stimulate liver, bile flow, and intestinal movement, you will get the full benefit of the food eaten.

TWENTY AND TEN YEARS AGO.

July 18, 1905.—Henry Holstein, a well-known painter, died at his home on Newkirk avenue.

Death of Miss Sarah Mauststock. William Hunt bought barber shop on Strand conducted by George Thomas.

John C. F. Bailey and Miss Wava G. Coxswell married. Oscar Cassell and Miss Arvesta Nickle married.

July 18, 1918.—Six colored men, the first exclusive contingent of the kind, were given a rousing send-off when they left this city for training camp.

Mrs. Catherine Roach of Stuyvesant street received a card announcing the safe arrival of her son, Lieut. R. V. Roach, overseas.

William Kelle, a communication stating his safe arrival overseas received by his father, Andrew Kelle, proprietor of the City Hotel.

Movies made at Kingston Point in which the Clermont replica, lying in the lagoon, was used, began to be emitted from the stage by a steam hose worked by Tom Kelle, plumber, of the Canfield Supply Company.

Letter received from Jim Sills, stationed in France with the Medical Corps, by his aunt, Mrs. David Fort Ewen, stating all was O. K.

Mrs. John Finan of 15 Lighter avenue received word that her son, Eugene J., arrived safely in France. Corolla S. Hammond and Paula H. P. Coons united in marriage by the Rev. Charles G. Ellis, pastor of the Rockland Presbyterian Church. Dr. Leighton Williams, elected rector of St. John's Church.

Lost Silk Sheen Restored

That the original sheen of silk, artificial fiber and mercerized cotton may be restored is claimed by chemists in Berlin, who say they have found a new chemical preparation for the purpose. All that is necessary to restore the gloss is to wash the material in the chemical, which is said to also act as a disinfectant.

REAL ESTATE TRANSFERS

Deadly to Crickets

For poisoned bait which will kill crickets dissolve one tablet of bichloride of mercury in one-half cupful of water and then add one-half cupful of flour and stir well into a paste. Cut into small pieces the size of a banana and mix into the paste. Spread small quantities on cardboard and place about the rooms infested. This bait is poisonous and must not be left where children or pets can get it.

Taking Mildew From Books

If books left in a damp place become mildewed the mildew may be arrested by washing the book covers with alcohol and leaving them for several hours in the sunlight.

Muir Conference Opens at Cornwall

The Hudson River Evangelistic conference opened at Cornwall-on-Hudson Sunday with a large attendance in the tent-tabernacle. The conference is under the direction of Evangelist T. LeRoy Muir of Esbury-in-the-Catskills, who has secured many revivals in the Hudson Valley.

The chorister of the conference is the Rev. Russell E. Kaufman, pastor of the Plymouth Congregational Church of Ottumwa, Iowa, who is assisted by a large chorus choir. The

Rev. Harold W. Nelson of Grace Baptist Church, Belleville, N. J., presides at the piano. Services are held every day at 3, 5, 7:15 and 8 p. m., through August 5. Delegations from river towns and other states are beginning to arrive. On Thursday night of this week the speaker is to be the Rev. Virgil Broderick, pastor of the Central Baptist Church, Middleboro, Mass., and on Friday night, the Rev. Carolyn A. Hosford, noted woman preacher and women's worker of Springfield, Mass., will bring a stirring message to young people. All meetings are interdenominational and evangelistic.

BLUE MOUNTAIN
Blue Mountain, July 18.—Alex Lamouree and family of Tuxedo are

visiting his mother, Mrs. Anna Lamouree.

Mr. and Mrs. Henry Carl were recent visitors of friends in Shelton, Conn.

Mrs. George Sawyer and daughter of Chicago are spending some time with her sister, Mrs. Jesse Wolven.

Mrs. Everett Becker and Mrs. Mary Van Wart were called to High Falls last week by the death of their father and brother, Joseph Switzer.

Mr. and Mrs. Frank Schoonmaker spent Sunday afternoon at West Saugerties.

Mr. and Mrs. Paul Bonesteel and children of Lake Hill were visitors at Henry Carl's on Sunday.

Edwin Van Wart and family of Saugerties were callers at the home of his mother, Mrs. Mary Van Wart, Sunday afternoon.

Obregon

Assassinated

(Continued from Page One)

ders that the police and army officials cooperate immediately in an investigation of the assassination in an effort to determine whether it was an irrepressible act or the result of a deep political plot.

Police See Wide-spread Plot.
Police said the assassination was one of a series planned by which a number of states were to have been removed. Evidence that the crime was premeditated was found in a paper discovered in the pocket of the slayer. It was addressed "to my family," and said:

"Knowing that I will die in carrying out my principle, I bid you farewell." It was signed simply, "Juan."

Another slip of paper contained the names "Romero, Topete, Robinson," and it was assumed that these names were of men also singled out for death. Thomas Robinson, young American mining engineer, recently married Ernestina Calles, daughter of President Calles. There are a number of Romeros prominent in Obregon ranks. Ricardo Topete is the leader of the Obregon forces in congress.

Obregon Followers Proclaim Calles Chief.

The general opinion was that President Calles, whose term expires in December, would continue in the presidency. The Obregon political organization soon after the shooting proclaimed Calles its chief.

The permanent congressional commission was called to meet today. This commission represents congress when that body is not in session. It was thought that the commission would either continue Calles as president or pave the way for his continuance in office.

General Obregon many times narrowly escaped assassination. Several times during the presidential campaign his headquarters were bombed.

Slaying Came Unexpectedly.

The slaying came unexpectedly. Obregon was sitting at a banquet given him by political supporters at the little town of San Angel, near Mexico City. While he chatted with his host a band played Mexican music and a cartoonist drew sketches of the notables.

Suddenly the cartoonist rose and approached General Aaron Scaoz, governor of Nueva Leon, who was seated on Obregon's left. He asked permission to show the cartoons to the guest of honor.

The man turned to Obregon, pretended to show him the sketches and then with a gun, which he had concealed under the papers, fired directly into the president-elect's body.

General Cruz Saves Slayer.

Obregon slumped back in his chair moaning. There was a dash for the slayer and guns and knives were pulled. He was in imminent danger but General Cruz jumped in front of him and held off the men who thirsted for his blood.

"No, let's keep him, we want to find out who's back of this," Cruz shouted.

Obregon was in the greatest agony as he was carried to his automobile. He died before he reached it. In a few moments the body had been taken to his home, which was already surrounded by a large force of soldiers and police. Later presidential guards on horseback were added to the guard.

Calles Weeps and Pays Tribute.

President Calles, who was in Mexico City at the time of the tragedy, was advised immediately and hastened to San Angel. As he gazed at the body of his dead associate, Calles wept. As he left he said:

"I have suffered such a shock that I am completely stunned. The death of General Obregon is of transcendental importance to the country, as he represented all the hopes and ambitions of the Mexican people. In my estimation the country has lost its greatest representative."

United States Ambassador Dwight W. Morrow hastened to the foreign office to present his condolences.

Obregon's body was taken to the National Palace about midnight. It was received by President Calles, Cabinet officials and high officers of the Army and Navy carried the casket on their shoulders to its resting place in the Hall of the Ambassadors. A military escort accompanied the body through the streets to the Palace.

LAST NIGHT on the RADIO

Reception Tuesday evening was good, with very little local interference. The Seiberling, Eveready and Cliequot programs provided excellent entertainment, not too heavy for a hot weather night, and even the Socoyland sketch was enjoyable for those who like that sort of thing. There was very little DX.

A thriller of the old school of melodrama is the Socoy Sketch next Tuesday night at 8:30 when "Mad" Anthony Wayne again plays the hero in "A Legend of Stony Point," re-enacting the stirring attack upon the British in 1779. Countersigns and watchwords, secrecy, spies and midnight attack feature the sketch.

Leslie Has Seven Year Record.
Leslie L. Munson, the thirteen year old son of Mr. and Mrs. L. A. Munson of Sycamore street has completed a seven year perfect record at School No. 4. Leslie has attended school seven years, and has been neither absent nor late during his school career as yet.

Krumville Church Service.

Divine service will be conducted in the Krumville Reformed Church next Sunday morning when the Rev. Thomas S. Braithwaite will take for his subject "Has Duty as large a place in our hearts today, as in the days gone by?" All are welcome.

Fryatt Relics For Senate House

Thomas J. Comerford, executor of the will of Miss Frances E. Fryatt, who died at her home at Gayhead near Leeds, Greene county, in April of this year, has presented to the trustees of the Senate House Association the following articles specified in Miss Fryatt's will as those she desired presented to that association:

No. 1. Copy Brown's Bible, containing list of the subscribers who contributed to the expense of the printing of the book in 1793. This copy was originally the property of Alida B. Streddeford, and which came into the possession of Miss Fryatt from that source.

No. 2. Handmade and hand brocaded corner curtain, a relic of Revolutionary times, handed down by Alida Burger Streddeford to Miss Fryatt.

No. 3. Broche bed spread used in home of General John A. Moore of Belleville, N. J. General Moore was a figure in the War of 1812. This was handed down from the daughter of General Moore to Miss Fryatt.

No. 4. Handmade lambrequin made and used in the home of Alida Burger Streddeford at Esopus.

No. 5. Parchment on which is printed the Lord's Prayer in fifty different languages, arranged geographically rather than alphabetically. This would appear to have been compiled and printed by F. A. Strale in 1841, the printing being done in New York City.

No. 6. Indian implement.

No. 7. Bronze candle holder mounted on marble.

STILL SAID TO HAVE BEEN FOUND IN RUINS

The barn of Dominick Campai, one of the largest in the vicinity of Athens, was burned to the ground early Tuesday morning following an explosion that was heard over a considerable distance. It is said a small galvanized still was found in the ruins, although no official investigation was made. The Athens fire department could do nothing to stop the blaze as the old wood, of which the barn was made, burned like tinder.

South Pondont M. E. Church Services

During the absence of the pastor, the Rev. Samuel Ardron, prayer meeting will be held as usual at the South Pondont M. E. Church on Thursday evening, at 7:30 p. m., with James K. Wesley in charge. The subject will be "Confessing Christ." Everyone is invited to come and join in a happy hour of service to the Lord. All are welcome and cordially invited.

Fryatt Relics For Senate House

Thomas J. Comerford, executor of the will of Miss Frances E. Fryatt, who died at her home at Gayhead near Leeds, Greene county, in April of this year, has presented to the trustees of the Senate House Association the following articles specified in Miss Fryatt's will as those she desired presented to that association:

No. 1. Copy Brown's Bible, containing list of the subscribers who contributed to the expense of the printing of the book in 1793. This copy was originally the property of Alida B. Streddeford, and which came into the possession of Miss Fryatt from that source.

No. 2. Handmade and hand brocaded corner curtain, a relic of Revolutionary times, handed down by Alida Burger Streddeford to Miss Fryatt.

No. 3. Broche bed spread used in home of General John A. Moore of Belleville, N. J. General Moore was a figure in the War of 1812. This was handed down from the daughter of General Moore to Miss Fryatt.

No. 4. Handmade lambrequin made and used in the home of Alida Burger Streddeford at Esopus.

No. 5. Parchment on which is printed the Lord's Prayer in fifty different languages, arranged geographically rather than alphabetically. This would appear to have been compiled and printed by F. A. Strale in 1841, the printing being done in New York City.

No. 6. Indian implement.

No. 7. Bronze candle holder mounted on marble.

STILL SAID TO HAVE BEEN FOUND IN RUINS

The barn of Dominick Campai, one of the largest in the vicinity of Athens, was burned to the ground early Tuesday morning following an explosion that was heard over a considerable distance. It is said a small galvanized still was found in the ruins, although no official investigation was made. The Athens fire department could do nothing to stop the blaze as the old wood, of which the barn was made, burned like tinder.

South Pondont M. E. Church Services

During the absence of the pastor, the Rev. Samuel Ardron, prayer meeting will be held as usual at the South Pondont M. E. Church on Thursday evening, at 7:30 p. m., with James K. Wesley in charge. The subject will be "Confessing Christ." Everyone is invited to come and join in a happy hour of service to the Lord. All are welcome and cordially invited.

AUNTY KNOCK leads a joyful choir . . .

AUNTY KNOCK (nickname for TYDOL START) has whatever it takes to make a set of cylinders throw away their hammers and reach for the song books.

For Aunty is very fond of music. And the music she likes is not the knock! . . . ping! . . . pound! of rowdy cylinders but the soft lilting lullaby of a fast spinning motor.

She is a great old girl, is Aunty . . . queen of the motor fuels. A blend of Tydol, greatest of all gasolines and of Ethyl, the perfect anti-knock compound.

Nothing less than wonders begin when TYDOL START takes your motor in hand. For not only does she croon your cylinders into a joyful melody . . . But she puts carbon to work for you . . . Gets you away to a flying start . . . Makes you forget you've gears to shift . . . Shoots you ahead of the traffic line . . . Flattens out the hills.

For a new thrill in motoring . . . let Aunty Knock ride with you.

IT'S RED!
You can see it's red in the color gauge at the orange, black and GRAY TYDOL ETHYL pumps.

Half Fare on Railroads For State Fair This Fall

By the New York State Fair Association, it is announced that the railroad companies will give half fare to all persons traveling to the State Fair this fall. The railroad companies are the New York Central, the Erie, the Delaware and Hudson, the Lehigh Valley, the Lackawanna, the Pennsylvania, the Reading, the Susquehanna, the Tuglac, the Westchester and Albany, and the Westchester and Dutchess.

The railroad companies are giving half fare to all persons traveling to the State Fair this fall. The railroad companies are the New York Central, the Erie, the Delaware and Hudson, the Lehigh Valley, the Lackawanna, the Pennsylvania, the Reading, the Susquehanna, the Tuglac, the Westchester and Albany, and the Westchester and Dutchess.

OPEN AIR PRODUCTION PLAYS STATE FAIR

Frivolities of 1928 Leads Exposition Free Attractions This Fall

One of the most pretentious outdoor stage productions given to the public among free attractions will be presented at the New York State Fair this fall, August 27 to September 1, entitled the "Frivolities of 1928." The Frivolities 1928 edition was one of the finest things on the State Fair program last year, but inclement weather frequently interfered with and marred the spectacle.

An entirely new edition has been prepared this year and the Frivolities will lead a program of circus and vaudeville acts each afternoon and evening in front of the grand stand. The Frivolities consists of 34 people, including a chorus of 20. The spoken word can easily be understood from the large outdoor stage, because of the erection of 16 large loudspeaker horns which render every sound audible to the huge crowds.

The company carries complete costumes, scenery and electrical effects on a stage 40 by 55 feet. Cervone's Band, so popular last year, has been re-engaged to play for the Frivolities and vaudeville acts.

Among the other acts already engaged are The Flying Urmanns, consisting of seven people in an aerial act; the Grix Gregory Troupe of eight acrobats; and three or four other novelty acts.

The Bernard Greater Shows will present a complete line of high class midway shows, clean and wholesome in character, including riding devices. The entertainment program is one of high quality and one which is well worth the admission in itself.

Trout for the State Fair

The Conservation Department at Albany announces that it will have a very complete live fish exhibit at the New York State Fair this year. The exhibit will include large specimens of native brown and rainbow trout. Other large tanks will contain muskellunge, large and small mouthed black bass, pike and other game fish to be found in the lakes of New York State.

Of Interest to Hunters

A large shipment of ring neck pheasants will be sent to the State Fair this year from the State Game Farm at Sherburne for exhibit purposes. A few pheasants of other varieties not available for stocking state covers will also form a part of the exhibit. The more colorful varieties such as the Golden, Silver and Reeves pheasants will be shown.

Idea Dates From 1900

Books of postage stamps were first issued April 10, 1900.

Margaret writes that she will arrive for her visit to-morrow

"Want a lift, cutie?" "Sir, I'm a lady, I'll have you know."

"What did you think I wanted, a man?"

A Flapper: "I wouldn't mind the mosquito in my room biting me if he'd go on and do it without buzzing. His singing is what gives me a pain."

ONE FRIEND TELLS ANOTHER

"She's always been boasting about her butcher shop. Wait till she tastes something from the Sanitary Meat Market."

Information needs no crutches.

The honeymoon is definitely over if she no longer comes but when he kisses her.

If you give a few feet of earth on the road it may save you from receiving a few feet out in the cemetery.

Girls nowadays are not very economical. They buy \$5 hose, and then roll them down to about \$1.75.

To avoid the run-down feeling approach crossings carefully.

Ants and poison ivy are eagerly waiting to renew their old acquaintanceship with summer picnickers.

One night a burglar broke into the room of a well-known old maid, took a ten dollar bill that was on the table, and kissed her. Now she leaves a twenty dollar bill there every night.

The red bugs have a picnic every time you do.

"As Kipling says, my dear, 'Woman is a rag, a bone and a hank of hair.'"

"And man," she answered, as she smiled very sweetly, "is a rag, a bone and a tank of air."

There is no camouflage that can disguise a bargain.

Billy: We're intellectual opposites.

Hoister: Be explicit.

I'm intellectual and you're the opposite.

Fortunately, paragraphers haven't a single ethic that forbids acceptance of a \$50,000 home.

Easy street is reached via Hard Work alley.

Marie: If you could have two wishes, what would they be?

Viola: Well, I'd wish for a husband.

Marie: That's one.

Viola: And then I'd save the other till I saw how he turned out.

The young drugist turned a morsel over in his mouth, tasting it skillfully. "Smatter of that cake, dearie?" he asked the lady who had recently consented to share his income. "Tastes kind of coal-oily, doesn't it?"

"Oh, dear!" sobbed the bride. "I was afraid it wouldn't work, but butter and lard and everything are so high I tried shortening with vaseline. We got that at cost."

Definitions.

Interesting Speaker: One who talks about where old brands can still be bought across the bar.

News: That which we learn before anybody else.

Happiness: A supreme superiority complex.

Love: Emotional intoxication that generally results in blindness.

Courtesy: Diplomacy.

Dignity: An armor worn by imbeciles to hide their lack of intelligence.

Marriage: Licensed warfare.

Automobile: A modern cupid.

Call: An advertisement.

"Want a lift, cutie?"

"Sir, I'm a lady, I'll have you know."

"What did you think I wanted, a man?"

A Flapper: "I wouldn't mind the mosquito in my room biting me if he'd go on and do it without buzzing. His singing is what gives me a pain."

Farm Bureau Gives Warning

Insecticide Applied to Soil Not Effective Against All Pests—Growers Advised to Seek Reliable Information.

For the benefit of all Farm Bureau members and other interested parties it seems advisable that to the organization a word or two be said in regard to a new insecticide that is being introduced into this country.

"New Insecticide" is composed essentially of carbon bisulfide soap emulsion. An emulsion containing these ingredients is not recommended by the bureau for the killing and control of many insects. Carbon bisulfide is used successfully in fumigating storage bins but has not been found to be effective in combating many orchard pests.

Every insecticide that comes on the market is sooner or later tried for its merits. A grower is in no position to conduct experimental work to do and a difficult time in caring for their crops when following recommended control measures. Many have heard the story in regard to the use of "Ceco" and all cord, N. H. called on Mrs. M. Cole, the claims of its effectiveness. Inquiries have been made as to its value through a number of agents. Those who do not recommend such a solution for all practical purposes. The following statement made by Frank Rogers, who the Pennsylvania Bureau of Plant had a fine time packing the passen-

Industry may also be of some interest. Starting a little after 10 a. m. all spent the day on the merry-go-round, sawsaws, in the park and on the pavilion. At noon all enjoyed eating a generous lunch and a little after four p. m. the tired but happy children and a few guests returned home. All noted Mr. Kelle's ideal place for a picnic.

Mr. and Mrs. John Carr, Mrs. Marjorie Osborne and Miss Lottie Northern attended a show in Kingston on Saturday afternoon. If left back and family of Sauer, this were visitors at the home of his parents on Sunday.

Frank, William and Joseph Vachek of Union City, N. J., called on their brother, Thomas, on Sunday afternoon.

Mr. and Mrs. William Kieffer of Flatbush were Sunday guests of Mr. and Mrs. Frederick Cole.

Henry Kirschman and family of West New York were Sunday guests of his uncle and aunt, Mr. and Mrs. Stephen Cordes.

Mr. and Mrs. Clarence Snyder spent Sunday with their daughter, Mrs. Clarence Dafford and husband of Kingston.

Mrs. Pelester and daughter, Antoinette, left Sunday evening for the city, where they will spend some time.

Mrs. Mollie Smith and daughter of Woodstock called on Mr. and Mrs. George Burton on Sunday.

Mr. and Mrs. Vernon Engelman, daughter, and his mother, called on their aunt, Mrs. Margaret Lane, of Kingston on Sunday afternoon.

Frank Schoonmaker and family of Blue Mountain were Sunday guests of her parents, Mr. and Mrs. Roy Carle.

Joseph Rogers and wife called on his mother in Catskill on Sunday evening.

Mrs. M. Cole has rented her cottage to a city party.

Charles Teetsel of Tannersville called on Mr. and Mrs. A. Volk.

Mr. and Mrs. Anne Snyder were Kingston business visitors on Monday.

Mr. and Mrs. George Teetsel called on Raymond Snyder of Pine Grove Monday evening.

RUBY.

Ruby, July 18.—The annual fair and supper will be held at the Mt. Calvary Lutheran Church hall July 28. Supper served from 6 till 9.

Mrs. Laus and daughter have gone to Cleveland, Ohio, on a visit.

Mrs. Lizzie Jung of Binghamton, N. Y., is visiting her mother and sister, Mrs. Carrie Gaddis.

Mrs. Veron Felton has returned home from Brooklyn, N. Y.

Mr. and Mrs. George E. Burger of Akron, Ohio, have returned to their home after spending the Fourth with Mr. Burger's mother.

Mr. and Mrs. Shaler, Mrs. Eva Shank and Mrs. George Shank called on Mr. and Mrs. Van Aken Sunday afternoon.

Many Cotton Raisers

The cotton crop of the United States is grown by some 2,000,000 farmers on more than 40,000,000 acres of land.

All prices, f.o.b. Detroit. Chrysler dealers are in a position to extend the convenience of time payments.

IN THE new Chrysler-built PLYMOUTH you get results that you simply won't believe possible in a car of such price, until you actually experience them for yourself.

Never before, at such low prices, have you expected, much less realized, such speed, such power, and such smoothness—not a vestige of vibration throughout its entire speed range.

Never before have you enjoyed such comfort. Full adult-size bodies. Fine upholstery and appointments you expect only in cars costing far more.

Never before have you experienced such braking power. Internal expanding hydraulic 4-wheel brakes. And a new brake lining—no other car under a thou-

sand dollars is so equipped—bring you to an instant stop with least pressure.

Never before has a car of this price possessed such distinctiveness of body design. Swagger style. Smart new slender-profile radiator. Sleek, trim silhouette.

In short, never before has there been such a car. Only the engineering genius and manufacturing skill of the Chrysler organization, through its principle of Standardized Quality, could produce such a low-priced car, embodying the quality and the value of the finest.

We are eager to place a Plymouth at your disposal. Pick it up, drive it and we know you, too, will be able to proclaim it Chrysler's crowning achievement in the lowest-priced field.

SWEEPING THE COUNTRY

Demand today is for Holland Vaporaire Heating. It is sweeping the country. America has awakened to the vital importance of clean, moist, circulating warm air in the home. People want the superior comfort, convenience and economy that this quick-responding and economical equipment alone provides. Recent development of the Holland Vaporaire Deluxe System for heating, cooling and ventilating fine homes has completed the Holland line. Now there's a Holland Vaporaire System for every size home and pocketbook—large or small. Every home can have proper humidity maintained constantly and automatically, measured distribution of warmth to every room; fresh, clean air always moving and constantly changing; warm, draft-free floors, quick heating response and unequalled cleanliness. Only two things are required daily. From 10% to 35% less fuel is consumed and any type or grade—including oil—may be used. This saving alone helps pay for the system. Every type of Holland is installed under direct factory supervision to meet the individual requirements of the home it serves and guaranteed by written bond backed by our entire resources. Prices are surprisingly low and purchase may be made now on a convenient deferred payment plan if desired. Get all of the facts and only a Holland will do.

HOLLAND FURNACES MAKE WARM FRIENDS

Mayor's Veto Is Sustained

(Continued from Page One)

required a three-fourths vote of the council.

Three voting to override the veto were Aldermen Fox, Mann, Ostrander, Clare, O'Reilly, Burger and O'Reilly, a total of 7.

Those voting to sustain the mayor were Aldermen Dressel, Haines, Hermaux, Moynaux, Relyea and Huit, a total of 6.

President Everett declared the O'Reilly motion lost.

Some Explain Their Vote.

Some of the aldermen asked to explain their vote while the roll call in the motion was being made.

Alderman Clare said that his vote to override the veto was not directed against the mayor but that he was in accord with Alderman O'Reilly's idea. Personally he believed that either the council or the board of public works should be abolished as was a duplication of work, he said.

Alderman O'Reilly said that he was not in opposition to the mayor either but believed the board of public works should be abolished.

Alderman Relyea, who voted to sustain the mayor, said that while he was in sympathy with Alderman O'Reilly and believed every ward should be allowed a certain sum for street work, still he believed that the work could be handled better by the board of public works than the common council.

Another Resolution.

Alderman O'Reilly, when it was announced that his motion to override the veto had been lost, introduced a resolution that "so as not to take up the time of the council, that no resolutions in respect to repairs of streets be offered but that

the aldermen take such requests to the board of public works."

It was seconded by Alderman Hermaux, and after some discussion was unanimously adopted.

Report From E. P. W.

The board of public works submitted a lengthy report of what action had been taken in the various resolutions introduced by the aldermen at previous council meetings.

Alderman Clare of the Eighth ward was anxious, he said, to have that part of the report printed in the papers regarding the proposed No. 2 property. The report stated that this pipe, which runs through the property of the school, be enlarged and extended under West Pierpont street. The board of public works reported that the superintendent had investigated and reported that the pipe through the school yard simply took care of the overflow. If the pipe were extended under West Pierpont street, it would throw the water on private property as there was no sewer in that portion of West Pierpont street to take care of the surface water.

Resolutions Introduced.

The following resolutions were introduced and referred to the proper city boards:

By Alderman Fox—That holes and ruts at the corner of Delaware avenue and Cordis street be filled in.

Alderman Mann—That catch basin be placed at southeast corner of Pierpont street and Broadway to take care of water overflowing on sidewalks; that manhole be cleaned on East Pierpont street, near U. & D. bridge.

Alderman Hermaux—That light be placed at about 81 Highland avenue; that sidewalk of some kind be placed in front of City Home property; that Grand street, Ten Broeck avenue, Farrelly street,

Stephan street, Sheffield street and Elmwood street be repaired.

Alderman Relyea—That board of public works have Pine street between Franklin and Henry streets repaired; that Greenhill avenue be repaired and filled; that holes on Boulevard to city line be filled; that hole in Willite on Wall street, between Henry street and Greenhill avenue, be filled.

Alderman Ostrander—that holes on Hudson street, near Abel street, be filled; that holes in Abel street, near Murray property, be filled; that Hunter street be graded and top-dressed.

Alderman Mann—that guard rail along High Road be repaired.

Alderman Burger—that Sterling street be repaired at once; that a light be placed on Greenhill avenue near shirt factory in place of present street light.

Alderman Clare—that board of public works block off Hone street between West Pierpont and Spring streets, on Wednesday evening, August 8, as Rapid Hose Company planned to hold block party that evening.

Alderman Haines—that Tremper avenue be given immediate attention.

The council then adjourned.

Pretty Samplers

The old-fashioned sampler consisted of a square of perforated canvas, the rows of perforation being equally spaced. Designs were stamped on the canvas and filled in with different colored worsteds, the stitches forming little "is." On the finest canvas this would almost give the effect of a painting.

Music for Choir

Choral music is music written in parts, usually for four different voices, and performed by a chorus or choir.

NEW PALTZ

New Paltz, July 18.—Mr. and Mrs. Raymond Hasbrouck and family recently visited Mrs. Hasbrouck's parents, Mr. and Mrs. William Ferris at Bangall.

Miss Dorothy Fowler has a new roadster.

Hugo Freer enjoyed a trip to Niagara Falls recently.

Mrs. Sarah McMullen of Los Angeles, Cal., has been visiting in New Paltz.

Miss Elsie Perkins and sister, Alberta, of Freedom Plains, have left the New Paltz Summer School and returned home.

Mr. and Mrs. W. H. Seals are spending some time in Kingston before leaving for their new home at Washington, D. C.

Lester L. Sanderford has returned home after spending a week out of town on business.

James Patterson has been entertaining guests from Saugerties at his home near Libertyville.

John Gerlicher is spending his vacation in New Paltz.

Miss Gladys Bassett of the Normal spent the week end with her school mate, Miss Hazel E. Skidmore, at Poughkeepsie.

Miss Helena LeFevre of Middletown called on relatives in town Sunday.

Mrs. Clarence H. Woolsey entertained the N. S. U. Club on Tuesday afternoon.

Miss Lottie Devo of New York city has been visiting her aunt, Mrs. Philip H. DuBois.

Mrs. Margaret Hayden has returned to her home in Newark, N. J.

Mrs. Grace Averill of New York

visited her sister, Mrs. Lester Hart, over the week end.

Mrs. Helen Buckley Boston of Middletown has been visiting Mrs. Helen Hasbrouck.

Alfred Eiting is acting as counselor at Camp Seaside in Northwest Pennsylvania.

Miss Edith Carter of Brooklyn has retired from business and will make her home in New Paltz with her sister, Mrs. Alexander.

Mr. and Mrs. Jacob Elmiger, Jr. and family of Pittsfield, Mass., have been visiting in New Paltz and Highland.

Mr. and Mrs. Werts Dalka entertained over the week end Mrs. Dalka's two sisters, also Mr. and Mrs. Frank DuBois.

Mrs. Frank J. LeFevre and Miss Martha Anderson motored to Atlantic City last Tuesday for a week's vacation.

Miss Maryanne Welsch of New York Hospital has been spending three weeks with her parents, Mr. and Mrs. M. Welsch.

Among the New Paltz High School graduates who will take the Normal course are Margaret Jansen, Doris Sims, Beatrice Gustafson, Mae Fisk, Josephine Gierisch, Irene McNeill and Ida Delpie.

Ralph Buchanan and Mildred Morine intend to go to business college. Ruth DuBois will be at Columbia College, South Carolina, next year. Lester Fitch will enter the Arts and Sciences College at Cornell University.

Eugene Dullos is already at Schenectady. Dorothy Deyo and Marion Freer are training to be nurses. Myra Gerald will remain at the New Paltz post office.

The plans of the remaining members of the class have not yet been made known for the coming year.

Mrs. Jane Van De Mark of Krippelbush has been visiting friends in town.

Joseph Gaffney of Marlborough spent last Sunday with his parents, Mr. and Mrs. Daniel J. Gaffney.

The little Misses Madeline Dayton and Ruth Pine are spending a week at Bogota, N. J.

Last week Harry L. Eberle of Maple Cottage, Springtown, and Proctor's Fifth Avenue Theatre, notified the inhabitants of this section of the loss of his pet monkey.

A number of people sent word that they had seen the monkey especially on the Jenkins farm but it developed a gay disposition among the cherry trees and other fruit of the country side, and it declined to be caught.

One day it led Mr. and Mrs. Eberle a five mile chase, running along fences and jumping from tree to tree. Finally some one caught it on the Williams farm by a piece of string that hung from its collar. It seemed glad to be returned to its owners.

Mr. and Mrs. George Pratt and daughter, Josephine, Mrs. Harcourt J. Pratt, Dr. Joseph Preston of Highland and Mr. and Mrs. Walter Clarke and sons of Milton are on a two months' motor trip to the west.

Mrs. Myron Van De Mark and family spent Sunday with her sister, Mrs. Howard Strongman, at Lloyd, Albert Hennings of Long Island, who is having a house built in New Paltz, came up over the week end.

Mrs. Horace Elliott is spending some time in Brooklyn with her granddaughter, Mrs. Albert Allen.

Mr. and Mrs. Walter Gladdings and family of Richmond Hill are spending a few weeks with Mrs. Gladdings' brother, Ivan Ostrander.

Mr. and Mrs. Albert Wright recently visited Mr. and Mrs. Melford Conklin at Maybrook.

Henry L. Hasbrouck has a force of ten men overhauling the old house formerly the George LeFevre house at High Falls, recently purchased by Mrs. Harry Werner. The house was built by the High Falls branch of the Hasbrouck family in 1752. All the builders' supplies are purchased of the A. P. LeFevres.

Edward Guinae of Schenectady spent the week end at his home in town.

Ahlberg and Schoonmaker, the new managers of the opera house, are very fortunate to be able to bring to New Paltz "Rose Marie," one of the big pictures of this year. The dates are Thursday and Friday, July 19 and 20.

The Rev. Edwin D. Miner is leader of the Boy Scouts and Rangers in this village and at the Grange meeting last Saturday evening they gave a first aid demonstration showing how to care for a fractured jaw and a broken wrist and how to restore a man who was apparently drowned. Then Abram E. Jansen described his visit as a delegate from Kingston to the National Convention in the State of Washington. The program was a patriotic one in charge of the officers, Master Henry DuBois, chairman, Mr. and Mrs. Werts DuBois were host and hostess.

Elaine Kniffen is spending a week with her grandparents, Mr. and Mrs. George M. Van Vliet and her aunt and aunt, Mr. and Mrs. Forrest L. Miller, in Newburgh.

Pierce-Arrow PRICE REDUCTIONS

amounting to as much as

\$600

Now in effect!

These reductions are made to meet the new Pierce-Arrow policy of expanding its markets. And the cars affected—the entire new Series 81—are in no degree less fine than Pierce-Arrow has built from the beginning.

Pierce-Arrow proposes no compromise with the principles which have made it America's finest motor car for more than a quarter century.

Here are today's Pierce-Arrow prices:

Models:	Former Price	Today's Price	Amount of Reduction
7-Passenger Enclosed Drive Limousine	\$3550	\$2950	\$600
7-Passenger Sedan	3450	2850	600
Convertible Coupe	3450	2950	500
4-Passenger Coupe	3450	2950	500
5-Passenger Sedan	3350	2750	600
2-Passenger Coupe	3350	2750	600
4-Passenger Touring	3100	2700	400
Runabout	2900	2600	300
5-Passenger Club Brougham	2750	2475	275

(Prices quoted are f. o. b. Buffalo)

Your present car will be accepted at fairly appraised value. This will apply against down and monthly payments which make Pierce-Arrow ownership surprisingly easy.

U. & D-Schillings Defeat P. O.-City

The U. & D-Schillings team, which has been the champion of the city for several years, defeated the P. O.-City team in a game played last night at the Athletic field. The score was 10 to 0 in favor of the U. & D-Schillings.

The game was a close one in the first inning, but the U. & D-Schillings team pulled away in the second and third innings. The P. O.-City team was unable to score in any of the remaining innings.

The U. & D-Schillings team was led by Captain John Smith, who hit a home run in the second inning. The P. O.-City team was led by Captain John Doe, who hit a home run in the first inning.

The game was a well-played one, and the U. & D-Schillings team was well supported by their fans. The P. O.-City team was also well supported, but they were unable to score.

The U. & D-Schillings team will play the P. O.-City team again in a game to be played next week. The game will be played at the Athletic field.

The U. & D-Schillings team has a record of 10 wins and 0 losses in the city. The P. O.-City team has a record of 1 win and 10 losses.

The U. & D-Schillings team is the champion of the city. The P. O.-City team is the champion of the county.

The U. & D-Schillings team is the champion of the state. The P. O.-City team is the champion of the nation.

The U. & D-Schillings team is the champion of the world. The P. O.-City team is the champion of the universe.

The U. & D-Schillings team is the champion of the galaxy. The P. O.-City team is the champion of the universe.

The U. & D-Schillings team is the champion of the universe. The P. O.-City team is the champion of the galaxy.

Baseball Picked as Most Popular Sport

A survey of the city has shown that baseball is the most popular sport. It is followed by football and basketball.

The survey was conducted by the city government. It showed that baseball is the most popular sport among the city's residents.

Popular Furniture
Provincial furniture is furniture of the French provinces, notably Normandy, Breton, Alsace and Provence. Its distinctions are simplicity and gracefulness of line combined with comfort. There is much interest in this type of furniture in America at the present time, as it seems to fit into our type of homes.

833 AMATEUR GOLF CHAMPIONSHIPS could be played off in DUNLOP CITY

THERE are 120 acres in the Brae Burn course, the scene of this year's amateur championship.

Dunlop's productive properties, if combined into one area, would form a "Dunlop City" of 100,000 acres—833 times as large as Brae Burn.

As a buyer of tires, you are interested in Dunlop's immense area—in Dunlop's \$195,000,000 of resources, its 40 years of experience, and the 45,000 Dunlop craftsmen—for just one reason. You want to know: "Does all this make it possible for Dunlop to produce tires that are better than other tires?" It does.

Take just one example—cotton. Cotton fabric is the backbone of a tire's body. All tires—and balloons especially—must spring in and out of shape faster even than your heart pulsates.

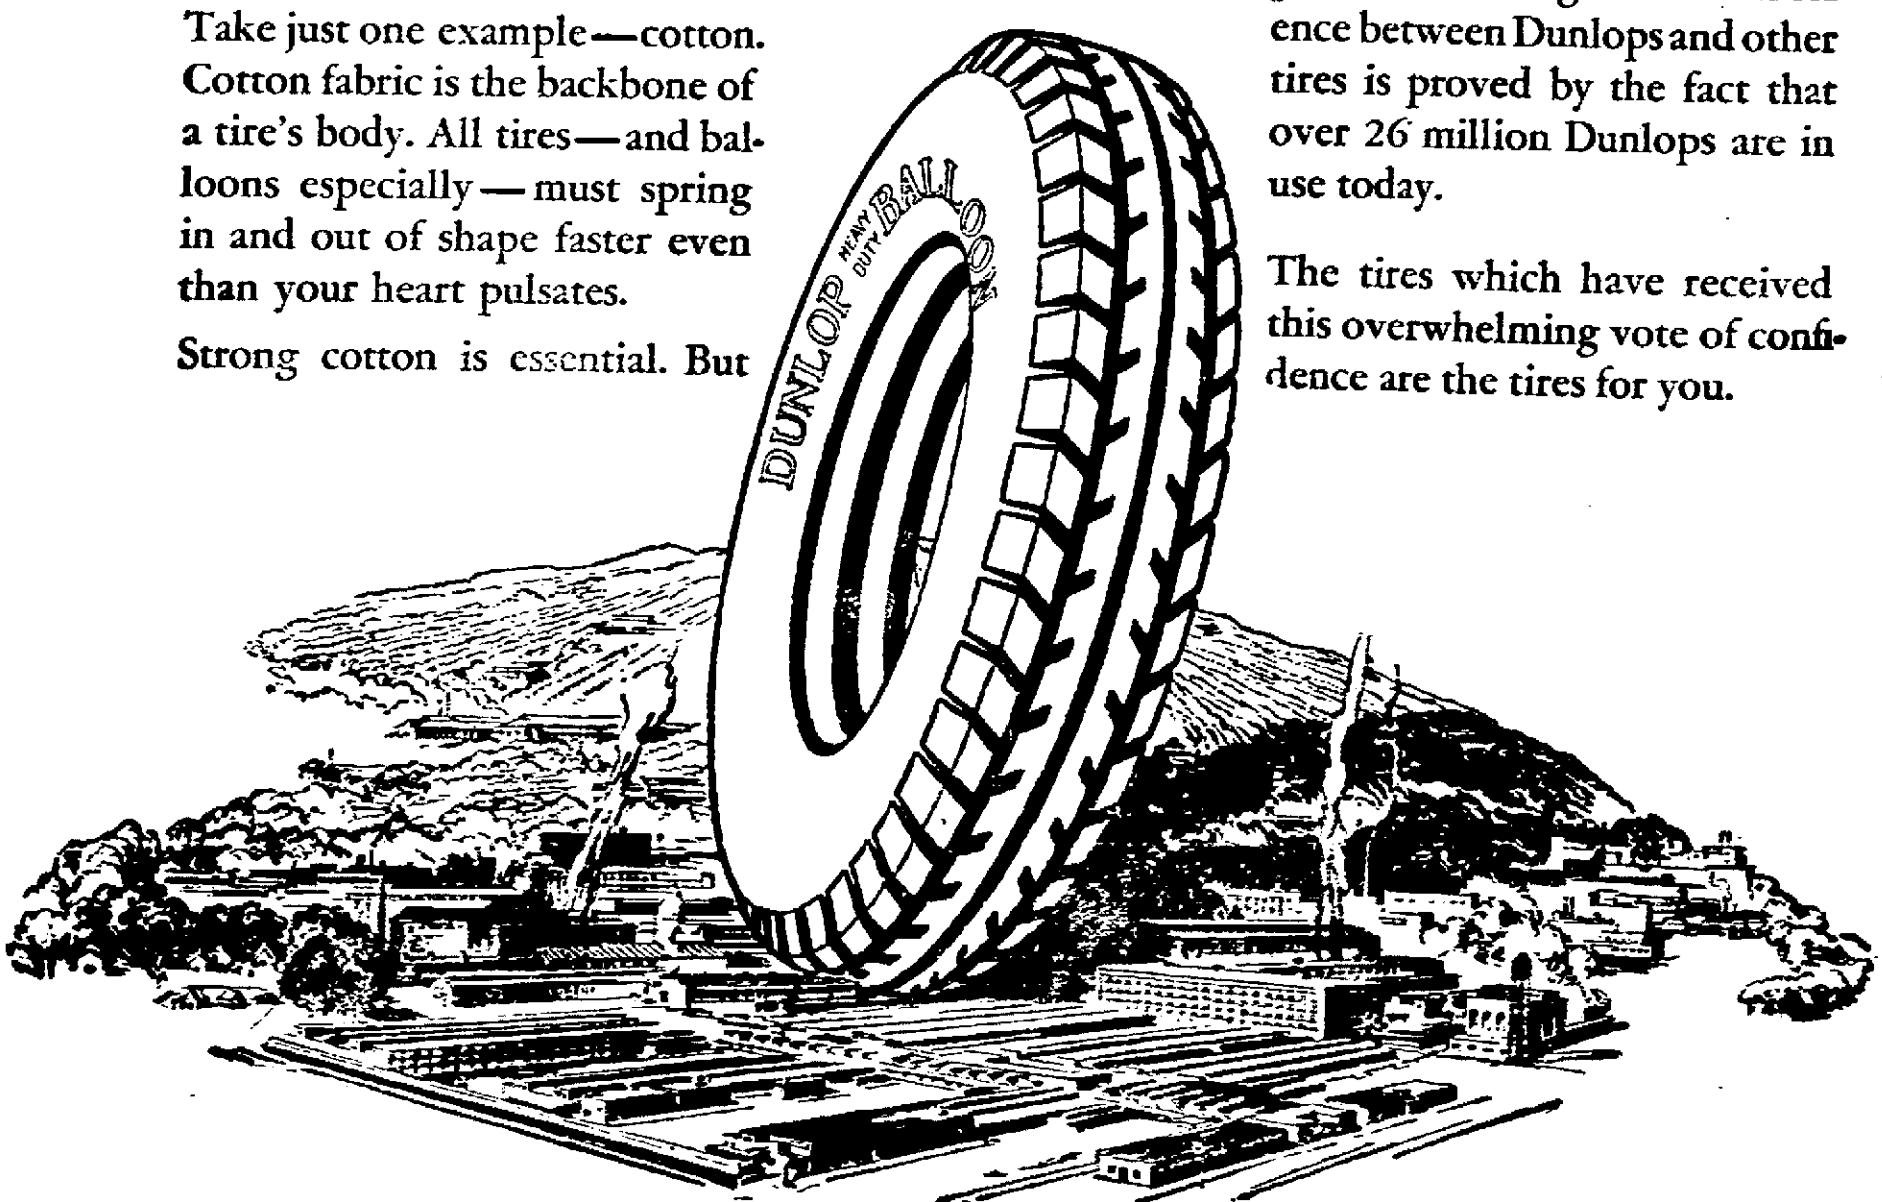

Strong cotton is essential. But

unless the cotton has extraordinary stretch, as well as strength, the tire is only an ordinary tire.

So Dunlop—with these great resources—pays a high premium for the pick of Egyptian cotton. Dunlop operates its own spinning mills. The Dunlop test fleet burns up over a million road miles a year—running much of the time with the tires at obviously low pressure, to make sure that the cotton has stretch, as well as strength, to an unparalleled degree.

These are some of the facts which make Dunlop tires superior to other tires. That the public can recognize the difference between Dunlops and other tires is proved by the fact that over 26 million Dunlops are in use today.

The tires which have received this overwhelming vote of confidence are the tires for you.

Sport Notes

The average golfer walks about five miles in playing 18 holes.

The royal stable of England has won only two major turf events since 1909.

Golf is invading South and Latin America. A fine course has been constructed at Bogota, Colombia.

Penn State handed the University of Pittsburgh its only major sports defeat of the year in a recent track meet.

Gene Tunney says he thinks colleges and universities will supply many of our first-rate heavyweights in the future.

Not since Jack McAuliffe retired as undefeated lightweight champion in 1907 has an Irish-born fighter held this boxing title.

An eastern boxing writer says Gotham fans marveled at Sammy Mandell's "poise," evidently a New York word for "purse."

One of Knute Rockne's football assistants this fall will be John "Clipper" Smith, who captained the 1927 eleven and played guard.

Judging by the attendance at the recent Emanuel-McTigue bout, the fever heat of the New York fans for boxers has considerably cooled.

Samuel M. Peacock, former president of the Middle States Lawn Tennis association, has been appointed manager of the United States Davis Cup team.

The Penn State lacrosse team failed to win from a single college opponent this season. The best the Lions could do against a college team was a 4-to-0 tie with Syracuse.

Hans Hirschfeld, a German athlete, recently established a new world's record for putting the 16-pound shot in Breslau, Silesia. His mark is 15.780 meters, or approximately 51 feet 9 inches.

When played by the Indians years ago, the goals in lacrosse were placed miles apart, now they are 110 yards from each other. Where once the field had practically no side boundaries, it is now 70 yards.

The title of the most unsuccessful team of the United States goes to Upsala college of East Orange, N. J., which has a record of no points scored in seven games and 250 points scored against it.

Penn State's opponents in football for next fall will be the same as in 1922, with one exception. Notre Dame returns to the schedule, replacing New York university on the 1923 schedule.

It is understood that Mr. Tunney has invited Professor Phelps to compete at his next pugilistic party, but it does seem as if they might get harmoniously together somewhere, some time, for a study of the ring and the book.

Sewing Needles

The invention of the sewing needle was ascribed by the ancients to the goddess of war, Bellona. The skill in embroidery of the Babylonians, Phrygians and Egyptians attested to their familiarity with needles. The steel needle was invented by the Chinese.

CLERMONTs TO MEET BRIGHAM A. C. TONIGHT.

The Clermonts will clash with the Brigham A. C. this evening at Hasbrouck Park. The game, which will get under way at 6:15, is expected to be a fast one, witnessed by a goodly number of fans. Mathaba and Chester will form the battery for the Clermonts, while it is yet unknown who will hurl and receive for the Brighams.

Mathaba and Chester will form the battery for the Clermonts, while it is yet unknown who will hurl and receive for the Brighams.

Tagging Major League Bases

By Herbert W. Barker, Associated Press Writer.

Seasonal sports by the Cubs and Pirates have added spice to the major league pennant race just as it began to appear as though the St. Louis Cardinals were going to make it a one club affair, were the situation in the major league where the New York Yankees have distanced the

Cubs and Pirates each recorded their eighth successive victory yesterday, with the Cubs and the Pirates as their victims. The Cubs upset the Phils, 4 to 3, only because Clyde Beck, usually weak with the stick, clubbed a home run into the fifth with the bases filled. Ring allowed only five hits, but that four-ply clout of Beck's settled defeat for him.

The Pirates needed to be on their toes the whole way against the Braves before they eked out a 7 to 6 decision. Fred Fussell, young pitcher, relieved Carmen Hill in the ninth with none out and a man on base and got out of the jam with a run being scored on him.

It was the Braves' ninth straight defeat and their 32nd in their last 40 games. The Corsairs continued their early slugging of the last week or so, setting 14 safe hits.

Meanwhile the Cardinals gained an even break with the Brooklyn Dodgers by taking the last game of a four-game series, 7 to 1. Dazy, who was removed from the box after the Cards had scored five runs in the first five innings.

Joe Haines pitched a strong game for the league leaders, whose margin over their closest rivals, the Cubs, now stands at four games.

Southpaw Bill Walker was knocked out of the box in the first inning as the Cincinnati Reds salvaged one game out of the series with the New York Giants, 5 to 4. Walker was removed after the Reds scored four times in the first frame. Vic Aldridge took up the burden and held the Reds scoreless until he was removed in turn for a pinch hitter. The Reds' fifth and deciding run was scored off Lefty Faulkner. Dolf Luque was a puzzle to the Giants.

The Boston Red Sox came out of a slump that had carried them into the American League cellar by stopping the Chicago White Sox's streak, 4 to 6. A six-run rally in the first inning was a handicap the White Sox couldn't quite overcome.

At Shepley pitched the New York Yankees to their fifth straight victory over the Cleveland Indians, 4 to 2, and contributed a home run to his own cause.

The St. Louis Browns swept the series with Washington when Stewart held the Senators to five hits and turned in a shutout, 5 to 0.

FARRELL, GOLF CHAMPION, DEFENDING HIS TITLE.
Westfield, N. J., July 18 (AP).—Johnny Farrell, national open golf champion, starts today in defense of one of his few remaining titles.

The metropolitan open championship, at the Shackamaxon Country Club here, since winning the open, the greatest crown of them all, at Olympia Fields in June, Farrell has been short of one after another of the numerous titles he held, principally the Shawnee and eastern open championships, which he lost last week.

On today's program was the first 36-hole qualifying round. The second round will be played tomorrow and the 36 hole final Friday.

DR. O. U. A. M. BASEBALL TEAM HAS SEVERAL GAMES BOOKED.
The Dr. O. U. A. M. baseball team, which started the season by overcoming the fast-stepping Cementon club, 16-14, will be kept busy for some time to come. The booking manager, James M. Deitz, has arranged for tilts with the Alpha A. C. Sargentes, Athens, Fieschmanns and a return game with the Cementon nine, whom the Mechanics out-hit in the first meeting. Undoubtedly other teams in this vicinity may be able to set their names on the waiting list for a game with the Dr. O. U. A. M. by arranging matters with Mr. Deitz.

La Korha Stages Comeback.
Los Angeles, July 17 (AP).—Fidel La Barba, who retired while flyweight champion, staged a successful comeback tonight in a new weight division, taking a ten round decision over Huerta Evans, hard hitting Los Angeles bantamweight.

Walker Talks of Home Town.
Los Angeles, July 18 (AP).—Mayor James Walker, of New York, talked about "my home town" at a banquet given here in his honor last night by the motion picture producers and distributors of America, at which Will H. Hays was toastmaster and Cecil B. DeMille master of ceremonies. Tonight the mayor's party is expected to leave for San Francisco.

PATRON APPRECIATES BROADWAY THEATRE MUSIC
To the editor of The Freeman:
Dear Sir:

It was a pleasure to attend the Broadway Theatre last week and enjoy the music as well as the picture. It was easy to see that the organist was an artist as well as a musician and knew how to bring out the full capabilities of the organ, as well as making the music "fit the picture."

I am sure that other patrons who love good music as well as myself, hope that we may hear Mr. Dodge at the organ. All the time.
Cordially yours,
"MUSIC LOVER."

Think Home Brew Caused Death.
Two bottles of alleged home brew found by the body of John Leary in the barn of his employer, William Metzger of Red Hook Sunday, are thought to have caused the death. The contents of the bottles are being tested by Dr. Alvah H. Peckham of Vassar Brothers Hospital. William Jordan, who was found lying in the barn, was recovering from an extended spree and his condition was not caused by the home brew it is said.

Hutton Juniors Won.
Monday at Cordis' held the Hutton Juniors won from the Mawhaws of Ponchock by a score of 14 to 9. They will meet again tonight at the same place.
Score by innings:
Mawhaws.....0 3 0 1 2 3 7—9
Hutton, Jrs.....0 0 4 3 1 5—14

St. John's Parish Aid Party.
An afternoon card party held under the auspices of the Parish Aid Society of St. John's Church will be held Thursday afternoon, July 26, at the home of Mrs. Williams Carter, 209 Albany avenue. Tables will be arranged in the house and on the lawn. Refreshments will be served.

Brennan Plans Big Meeting for Smith

Chicago, July 18 (AP).—George E. Brennan, national Democratic committeeman for Illinois, today revealed plan for what he termed one of the greatest political mass meetings ever held when Governor Al Smith, of New York, Democratic presidential nominee, comes to Chicago.

At a conference with Governor Smith last week, Brennan said the candidate agreed to make an address here. The committee-man said he would reserve the stadium at Soldier's Field for the event, as there was not a hall in the city large enough to accommodate all the voters who would want to hear Governor Smith.

About 150,000 persons attended the Tummy-Dumpey fight at the stadium last fall and with the aid of amplifiers Brennan said he thought about 200,000 persons could hear the governor.

Governor Smith's address also will be broadcast.
United States Senator Hollis, of Alabama, here to address the national convention of the Ku Klux Klan, declined to say whether he would support the Democratic presidential candidate.

"I think Smith and Robinson will be defeated by a large vote than when Coolidge won over Davis," the Alabama senator said.

News of the Day In Wall Street
New York, July 18 (AP).—National Cash Register Company, earned \$2.42 a share on the combined "A" and "B" stocks in the first half of 1928, against \$2.20 in the same period of 1927. Net profit moved up to \$3,535,342 from \$2,302,165.

Net income of Purdy Bakeries Corporation for 28 weeks ended July 14 advanced to \$1,539,587 from \$1,544,409 in the previous corresponding period. This is equal to \$2.90 a share on the common, against \$2.62 a share a year ago.

American Chicle Company earned \$4.09 a share on the common in the first half of 1928, against \$3.93 in the same period of 1927.

Earnings of Rayuk Cigar Company for the half year were smaller than a year ago, profit available for common dividends being equal to \$4.50 a share against \$6.32 a share in the previous corresponding period.

American Bridge Company, subsidiary of United States Steel, has an order for 15,000 tons of structural steel for the new Western Union Telegraph building in New York City.

Cast iron pressure pipe is \$2 a ton higher in the Birmingham district. The market is in fairly good condition. Molding of pig iron has improved in the southern territory. Cast iron pipe makers are rushing their output, especially in mechanically-made pipe departments. All by-product coke works in Alabama are in operation.

PORT EWEN
Port Ewen, July 18.—The Port Ewen Free Library expresses its thanks to Mrs. Eudora G. Burhans of Kingston for four books recently given to the library and to Mrs. J. L. Dougherty of Albany for her gift of 42 books.

Mrs. J. Hungerford of Newburgh is visiting her mother, Mrs. Frank Van Etten of Broadway.

There will be a block party this evening on Salem street under the auspices of the officials of the Reformed Church. Lots of homemade candy, watermelon, ice cream, "hot dogs" and a large variety of fancy articles and mystery packages for sale. The Excelsior Hose Band will furnish the music.

The Reformed Church will hold its annual block party on Salem street block tonight. Band concert the entire evening by the Excelsior Hose Band.

The Dorcas Society will hold a shore party at Tucker's beach Friday afternoon. Supper at 6 o'clock.

SAYS NEGROES WILL AID REVOLUTIONARY MOVEMENT.
Moscow, July 18 (AP).—Addressing the Sixth Communist International Conference, Delegate Whitman, described as an American said: "I greet the congress in behalf of the millions of negro workers and peasants in the United States."

After saying that the work of enlisting American negroes under the banner of Communism had progressed considerably, Whitman concluded: "The day is not far when negroes will play an exceptionally important role in the revolutionary movement in the United States."

DISCOVER ATTEMPT TO MURDER CONSTABLE
Rochester, July 18 (AP).—An attempt to slay Constable Arthur Kleinhermer of Irondequoit with shotguns was disclosed today.

A chair in which Kleinhermer was accustomed to sit on his front porch after he stopped work at 2 o'clock in the morning was shattered by two shotgun charges early yesterday. Kleinhermer had left the house to go to a restaurant.

Mrs. Hoover's Father Is Dead

Suffered Stroke While on Camping Trip on July 1.—Mrs. Hoover, on special train speeding to his home, Not Informed of Death.

Placerville, Calif., July 18 (AP).—Charles D. Henry, father-in-law of Herbert Hoover, the Republican candidate for president, died here this morning.

Henry died with out having realized his last wish, that he might live to see Mrs. Hoover, his daughter, once more. The end came at 9 p. m., while the special train bearing the Republican standard bearer and his wife toward California and home was racing westward across Iowa.

Arrangements to speed up the schedule of the train so Mrs. Hoover might reach Placerville to see her father-in-law were made yesterday. At least they can not reach the west coast before Friday morning.

At the bedside were Mrs. Guthrie, wife of George W. Guthrie, another daughter, and Allen Henry Hoover, son of the presidential candidate.

Henry, who was 84, suffered a stroke on July 1 while on a camping trip.

Hoover Party Notified.
Omaha, Neb., July 18 (AP).—The train bearing Mr. and Mrs. Herbert Hoover, enroute from the summer White House to Palo Alto, Cal., where the former commerce secretary is to receive his official notice as Republican presidential nominee, arrived here at 8:37 a. m. today.

The first news to reach the party of the death of Mrs. Hoover's father was given to an aide of the presidential candidate by a reporter. The word was then sent to Mr. Hoover.

It was made known that Mrs. Hoover would not be told of her father's death until the train was well out of Omaha.

VIGLIERI QUOTED AS CRITICIZING MALMGREN
Moscow, July 18 (AP).—Lieutenant Alfredo Viglieri today was quoted as criticizing Dr. Finn Malmgren's heroic attempt to reach land to send aid to the survivors of the Italian. Viglieri was one of a group of five men rescued from an ice floe by the Russian ice breaker Krassin.

Dr. Malmgren, Swedish scientist, aboard the ship, was left alone dying on the ice as he urged his two companions to continue on to land in an effort to send rescuers to the group of which Viglieri was a member.

The correspondent of Tass, Soviet news agency, aboard the Krassin quoted Viglieri as saying: "Personally I regard Malmgren's plan to reach North Cape as unwise, believing we all should have remained on the ice and tried to establish radio contact and at the first opportunity move for the shore in the collapsible boats in our possession."

CASES IN POLICE COURT BEFORE JUDGE SHUFELDE
George Reed, negro, arrested by Officer Tierney of the West Shore force, was given five days in the Ulster county jail.

Timothy McNamara, arrested at the West Shore by Officer Tierney, will be sent back to the Home for the Aged in Newburgh.

Louis Simon, arrested by Special Officer Cullen, charged with soliciting passengers for his omnibus within the restricted area at the Kingston-Rhinebeck ferry, was given a \$5 suspended fine.

Joseph Israel, arrested for speeding, forfeited \$20 cash bail.

William Powers, passing through the city, was placed under arrest, charged with speeding. He forfeited \$10 cash bail.

Constant Losa, arrested some time ago for speeding, forfeited cash bail of \$15.

CLINTON AVENUE SUNDAY SCHOOL PICNIC SATURDAY.
A picnic will be held at Forsyth Park on Saturday, July 21, by the Sunday school of the Clinton Avenue M. E. Church. A gala time is planned by the officials in charge, who have a list of games prepared for children of all ages. A baseball game will be one of the features of the day, while a fine band concert will be rendered by the Mechanics' Band from 3 until 5 p. m. Those who attend the picnic may take basket lunches. Refreshment stands will be on the grounds in order that all who attend without bringing lunches may eat. All who enjoy a good time are invited to the picnic.

RABID DOG BITES FIVE PERSONS IN NEWBURGH
Five persons were given treatment at St. Luke's Hospital, Newburgh, after being bitten by a rabid dog in that city on Tuesday. The animal broke loose from a chain in the yard of its caretaker and inflicted wounds on the five persons nearby, after which it was shot by a posse. Another dog owned by a neighbor is being sought, for evidence showed that the animal had been attacked by the rabid dog. The dog that did the biting was not permitted to run loose. It is thought that the animal was attacked by one suffering from the rabies, while chained.

Nations Accept Kellogg Plan for Outlawry of War

Great Britain, Poland and Canada Deliver Vote of Acceptance to American Representatives—Belgium Says Treaty Meets Its Full Approval.

London, July 18 (AP).—Sir Austin Chamberlain announced in the House of Commons today that British acceptance of the Kellogg proposals for the outlawry of war had been delivered to the American charge d'affaires.

The announcement was greeted with cheers.

When asked if there were any reservations in the reply, Sir Austin said that the text would be published Friday morning and that he could not make any statement regarding the contents until that time.

He said that the Irish Free State and Canada, now having representatives at Washington, would deliver their own replies.

Asked if these replies were identical with those of the other dominions, Sir Austin answered: "Their replies are in a favorable sense. They are not replies in identical terms."

Canada Accepts Proposal.
Ottawa, July 18 (AP).—The Canadian note accepting the revised proposals of the United States for a multi-lateral treaty to outlaw war is in the hands of the United States minister, the prime minister's office announced today. The note is to be made public at the same time as the British reply Friday.

Poland Delivers Note.
Warsaw, July 18 (AP).—A note accepting the text of the Kellogg treaty for the outlawry of war has been delivered by the Polish government to John D. Stetson, Jr., American minister to Poland.

Belgium Approves.
Washington, July 18 (AP).—Belgium has informed Secretary Kellogg that the anti-war treaty text as submitted meets its "full approbation."

The Belgium Government said in its note that it had examined "with lively sympathy" the invitation of June 23.

"Belgium is deeply attached to peace," said the communication, dated July 17 and made public by the state department today.

Arrangements as to the place and date of signature of the treaty will not be determined until all replies have been received. Paris has been suggested as a suitable place for signing the treaty in compliance to the French foreign minister, Aristide Briand, out of whose offer of a similar bi-lateral treaty between France and the United States Secretary Kellogg developed the idea of a multilateral treaty. Another suggestion has been made that November 11, Armistice Day, be selected as the date of signature.

Farmer Made \$157 More in 1927
Washington, July 18 (AP).—The farmer made \$157 more in 1927 than he did in 1926, a report issued today by the Department of Agriculture said. The figures were taken from a survey of 13,859 farms in all parts of the country.

The average farm for 1927 showed an average net return of \$1,290, as compared with \$1,113 on 13,475 farms in 1926.

The average size of the farms reporting in 1927 was 275 acres with an average investment of \$15,445. Average gross receipts were \$2,595, consisting of \$957 from sales of crops, \$851 from sales of livestock, \$638 from sales of livestock products and \$35 miscellaneous.

OBREGON JOULUAR WHEN DOG HOWLED AT NIGHT.
Mexico City, July 18 (AP).—Some associates of General Obregon recalled today that for two days and nights a dog next door to General Obregon's home had been howling steadily and that nothing could induce it to cease. General Obregon even sent a beefsteak to the dog in an effort to quiet it, but the howling continued.

General Obregon with seeming jocularity had expressed wonder if the howling foretold misfortune.

The dog continued to howl dogmatically to the time when Obregon's body was brought into his home. Then with one last wild howl it ceased.

Woman Hurt in Crash.
Late Tuesday afternoon a truck owned by George D. Stronachman and driven by Melvin Sharp was in collision with an automobile driven by Bertha Snyder of Mt. Marion at Franklin and Fair streets. Miss Snyder was injured and was treated by Dr. W. H. Connelly. The auto and truck were damaged.

SLAYER OF OREGON COMMENCES TO TALK

Mexico City, July 15 (AP)—Antonio Rios Zertuche, who was named chief of police by President Calles immediately after the assassination of General Alvaro Obregon, said today that Juan Escapulario, the assassin, was "now commencing to talk."

Senor Zertuche expects further arrests and believes he will learn who were the master minds of the crime.

Business Certificate Filed

Republican Candidate Is "A Real Champion" of Farmer, Says Gov.

Hammond, and Will Marc Bellet Program That Is Worth While. Aboard Hoover Train, Omaha, Neb., July 15 (AP)—A proponent of the Eagle Garage on plan of farm relief more practical, Main street, stopping here while en route from New York city to the advanced made today by Gov. Franklin automobile factory at Syracuse. He arrived in Kingston conference with Hoover aboard the special train.

This is the message which the governor said he would take to the Republican state convention today

at Des Moines, to which city he is to fly by airplane from Council Bluffs. After half an hour's conference with Hoover during a ride through Missouri Valley and Council Bluffs, Governor Hammond declared that the farmer has in Hoover "a real champion." "When his final explanation of his platform is made it will challenge the admiration of all those interested in agriculture and the nation as well," Hammond said.

Asked upon what he based this conclusion, the governor said he believed the G. O. P. standard bearer was going "to be specific and to go to have a relief program that is worth while."

Hammond conceded that the equalization fee had been definitely thrown into the discard, but he declared, emphatically that the farm leaders of Iowa were surrendering on principle and not cause, but were agreed that there were more ways than one by which the agricultural problem could be solved.

The governor predicted that Iowa would go for Hoover by a majority of at least 200,000.

Hoover continued his farm relief discussions with Charles A. McClure, Republican national committeeman for Nebraska, who boarded the train at Council Bluffs, and also with Judge William R. Green of the federal court of claims, a native of Iowa, and former chairman of the House ways and means committee.

Governor Adam McMullen of Nebraska, who, like Governor Hammond, was a supporter of Frank O. Lowden, joined the special train at Fremont to ride across the state with the candidate and to discuss the farm problem.**COOLIDGE MAY PAY VISIT TO VERMONT**

St. Albans, Vt., July 15 (AP)—President and Mrs. Coolidge may visit Mr. Coolidge's native state during the late summer or early autumn. Harry C. Whitehill, collector of customs, said today in making public a letter from the president to Governor John E. Weeks.

In the letter President Coolidge said: "I still hope that later in the season it may be possible for us to come to Vermont, but I cannot make a definite commitment as to the date as yet."**Postpone Reception to Hoover.**

Aboard Hoover Special, Fremont, Neb., July 15 (AP)—Immediately after word reached the Secretary and Mrs. Hoover today of the death of Mrs. Hoover's father, C. D. Henry, announcement was made that the formal welcome home reception planned for the presidential nominee at San Francisco would be postponed until after the formal notification ceremonies at Palo Alto on August 11.

Indian Youth Sentenced.

Malone, N. Y., July 15 (AP)—Peter Gray, Jr., 15-year-old Indian from the St. Regis reservation, today was sentenced in federal court here to imprisonment in the national training school for boys at Washington, D. C., until he is 21. He and another youth were alleged to have quarreled over possession of six bottles of beer. Gray was indicted for murder, second degree, but Federal Judge Bryant accepted the plea to a lesser charge.

Certificates and Bonds Authorized For Highway Cost

Board of Supervisors in Special Session Passed Act to Enable Nine Towns to Raise Money for Highway Work—Lloyd Pays Share from Money On Hand.

In pursuance of authority conferred upon it by Section 325-a of the state highway law the board of supervisors at a special meeting held on Tuesday evening at the rooms in the court house in this city passed and authorized nineteen towns to borrow, either by issue of certificates of indebtedness or bonds, the amount determined that the towns shall bear, being 25 percent of the total cost of construction and improvement of highways constructed or improved under said portion of the highway law.

Acts were passed after petitions from town boards had been received, authorizing the following towns to issue certificates of indebtedness the acts introduced by Supervisors of each town:

Denham	\$2,600.00

Denham	2,556.67
Denham	4,000.00
Denham	2,332.31
Denham	4,000.00

Superintendent of the town of Lloyd was called, stated that his town did not introduce an act to pay its proportion as the money would be taken from the surplus on hand. Lloyd was read bills of the towns which had been checked up and found to be correct, and on motion of Supervisor Elmer they were added in the several amounts and warrants ordered issued for payment. Arthur Rice, sheriff, read for prisoners from November 1, 1922, to March 15, 1923, \$1,122.88, for court work during same period, \$2,250.27; W. P. Glass, stenographic work on right of way for highways, \$104.95; Gertrude Brink, typewriting, \$25; Reconstruction Home for Crippled Children, Inc., \$35.72.

On motion of Supervisor Rippert the board adjourned subject to the call of the chair.

SMITH SUPPORTERS MAY GIVE FROM TEN CENTS UP

New York, July 18 (AP).—Contributions of "any amount from ten cents up" will be received "thankfully" by the promoters of the presidential campaign of Governor Alfred E. Smith.

This was announced by Col. Herbert H. Lehman, finance director of the national Democratic committee, in making public a telegram he had sent to Democratic national committeemen asking them to suggest assistant finance directors in their states to accept contributions.

He said that the total size of the fund to be raised had not been decided but that "there may be factors which will make it expensive." "In my opinion," he said, "every state in the north, east and west may be considered a debatable ground and that may increase the expense."

There has been no solicitation of funds so far, Col. Lehman said, but he was "delighted and amazed" at the flood of contributions, large and small, that had come in voluntarily from Smith supporters.

Asked if there would be a limit on the size of individual contributions he said there would not, that "any amount from ten cents up" would be received "thankfully."

Winston & Co. to Start Work Soon

The Albany board of estimate and appointment Monday approved the contract for construction of the Albany dam, which has been awarded by the board of water supply to Winston and Company of Kingston. The contract, for \$77,440.25, completes the legal formalities in connection with the award, as the contract has been signed by all interested parties and a bond issued by Winston and Company for the full amount of the contract.

Work is expected to start within the next ten days. The contractor probably will start moving machinery to the scene of operations immediately. The contract provides that the dam must be ready by December 1, 1925, so that the storage of water may be commenced. The dam will impound the waters of Hancroix creek in a storage reservoir of nearly 12,000,000 gallons capacity.

Tourists will travel thousands of miles this summer to see the same billboard scenery they have at home.

Refrigeration Was A Problem of Olden Days

Lord Francis Bacon, famed philosopher, scientist and statesman, is the first man on record to employ low temperatures for the preservation of foods. His experiments are supposed to have caused his death. Stuffing a fowl with snow to ascertain how long it could be kept before spoiling, he contracted pneumonia and died without learning the results of his test.

NOW FRIGIDAIRE

the electric refrigerator of perfection, with its constant low, dry atmosphere, proves that foods can be retained fresh and pure over long periods of time. A ready supply of ice cubes are available for sparkling beverages. Today the smallest food handler, the most modest household can have food preservation facilities far more convenient and efficient than those commanded by ancient emperors—and at moderate cost!
